

# The Style of Manuscript for 27th Annual Conference of RSJ

\*Taro YOKOHAMA(Robotics Society of Japan), Hanako KANAGAWA (RSJ Co. Ltd.)

**Abstract** — A method for preparing a manuscript for the annual conference of the RSJ (Robotics Society of Japan) is described. By using this file, cutting and pasting your contents on this file, you can complete your paper immediately.

**Key Words:** RSJ, A4, Manuscript

## 1. General instructions for the manuscript

The paper submission procedure of the international sessions is different from the procedure of the general sessions. In details, please refer to the English web site [2] for 27th annual conference.

- 1. Case of Microsoft Word 2003 and previous versions:** Please write the manuscript by using the sample file `sample_IS.doc` which can be downloaded from the web site [2]. Since there is a possibility for getting out of layout depending on the version of MS Word and OS, the manuscript should be properly written in accordance with the form of the `sample_IS.pdf`.  
**Case of TEX:** In the case of using `platex2e`, please download the `sample2e_IS.tex` and `rsj2008e.sty` from the web [2].  
**In other case:** The manuscript should be written in accordance with the form of the `sample_IS.pdf`.
- The PDF file is created from the DVI file and the Word file etc. Please refer the web [2] about the embedded font, the quality of graphics, and the security setup. Also, by using Adobe Reader, please reconfirm the layout etc.
- The PDF file of the manuscript must be sent to the organizers of the international sessions. Finally, this file is included in DVD-ROM.

## 2. Instructions for the manuscript

### 2.1 The number of sheets and the size of file

The manuscript is more than 2 pages and less than 4 pages. The sizes of PDF file and the JPG file for the Conference Digest are not exceeding 3 Mbytes and 500 Kbytes, respectively. Manuscripts exceeding the regulated pages can not be published and files exceeding the regulated sizes can not be submitted.

### 2.2 The style

Everything is put in height of 250mm, width of 170mm of A4 size. The main characters should be larger than 10 pt. The submitted paper is included as you find it in DVD-ROM. Please pay attention to the style of the

manuscript.

### 2.2.1 Figures and tables

The figures and tables have sufficient resolution which is fit well for printing, and the size of file including them is less than maximum allowed file size.

### 2.2.2 References

In the paper, the citation of references is denoted as [1]. The references are located in the end of the manuscript and their form is based on that of Journal of the Robotics Society of Japan.

## 3. Paper submission procedure and deadline

The paper submission procedure of the international sessions is different from the procedure of the general sessions. The contributors must send the manuscript as PDF file, the summary of presentation as TXT file and an image in GIF or JPG format for the Conference Digest to the organizers of the international sessions. The online submission form the web site does not allow submission for the international sessions. The deadline for submission is 2009.7.17(Fri). Please keep strictly the deadline. The charge for paper contribution to the international sessions is free.
